Arnold Schwarzenegger
Governor

TO: San Gabriel River Watershed Interested Persons

FROM: Melinda Becker
Regional Programs Section Chief

DATE: February 28, 2006

SUBJECT: CHANGE OF DATE: Workshop for a proposed amendment to the Water Quality Control Plan for the Los Angeles Region (Basin Plan) to establish a Total Maximum Daily Load (TMDL) for Metals in the San Gabriel River

The workshop to discuss the proposed TMDL for metals in the San Gabriel River watershed has been further postponed to avoid conflict with other regional stakeholder meetings. The purpose of this workshop is to present the proposed TMDL, respond to stakeholder questions, and receive initial comments. A fact sheet for the proposed TMDL will be made available prior to the workshop. The TMDL will include:

- Assessment of current metals impairments in the San Gabriel River watershed
- Numeric targets for reaches impaired for metals
- TMDLs for impaired reaches and allocations to sources that drain to impaired reaches
- An implementation plan with a schedule for attainment of proposed allocations

The Rescheduled Workshop will be held:

DATE: Wednesday March 22, 2006

TIME: 10:00 AM

LOCATION: Los Angeles Regional Water Quality Control Board
320 West 4th Street
Second Floor
Los Angeles, CA 90013

Please note the revised date and location. Contact Jenny Newman at (213) 576-6691 or jnewman@waterboards.ca.gov if you have any questions about this matter. Please bring the foregoing to the attention of any persons known to you who would be interested in this matter.
